

Fibersole Global Expertise

“Innovating Telecom, Security & IT Infrastructure Since 2005”

Fibersole was founded in 2005 with the vision to deliver innovative, high-quality, and cost-effective solutions to the rapidly growing telecommunication and networking industries. Since our inception, we have placed strong emphasis on understanding and fulfilling customer needs by deploying the best available technologies and practices.

DescBoost[™]

DescBoost (China)

Drone Detection & Counter-UAS

Fibersole is an authorized partner of DescBoost (China) for state-of-the-art drone detection, classification, and mitigation systems. Through this partnership we deliver integrated Counter-UAS solutions that protect critical infrastructure, public events, industrial sites, and secure facilities against unauthorized or hostile unmanned aerial systems.
